

Unionville Skating Club

POLICY

Subject	Open Ice				
Date	June 2011	Implementation	Immediate	Policy No.	2011-01

Policy Intent

USC is granted open ice privileges, from time to time, by the Town of Markham in recognition of our customer relationship with the Town. The Club is legally responsible and liable for all on-ice and off-ice activities within the Town facility in accordance with the requirements of the Town's rental contract, including the need to ensure that all activities are covered by appropriate insurance.

This policy governs the use of open ice by selected Club members to ensure that the Club is not exposed to unnecessary liability and risk.

Policy

All skaters using USC open ice shall:

- be Active or Limited class members of USC in good standing, or as approved on a case-by-case basis by the Board of Directors
- only do so in the presence of a coach registered with Skate Canada
- only participate in approved Skate Canada skating programs
- do so only during the defined times of the session.

All skaters using USC open ice shall be invoiced for the session at rates established by USC and shall be registered prior to the start of the session in the open ice book maintained by USC. Coaches shall provide attendance confirmation for the skater(s) under their direct supervision to the USC office within two business days following use.

All skaters and coaches using USC open ice shall not bring sticks, pucks, or nets onto the ice.

All skaters and coaches using USC open ice shall observe the following on-ice priority right-of-way:

- skaters in lesson
- skaters with music.

Skaters and coaches failing to comply with this policy shall be immediately asked to leave the ice. Policy violations shall be addressed by the USC Board of Directors and may result in the:

- immediate suspension of open ice skating privileges for skaters and coaches
- temporary suspension or termination of a USC coaching contract for coaches.

at the discretion of the Board.

The Board maintains the right to take the actions necessary to maintain its open ice privilege with the Town of Markham.
